Transferring records?

It is very important for our doctors to have a clear picture of your child's medical history. Contact our office at 561-272-8991 to obtain release paperwork. Once signed, we will contact your previous doctor's office to obtain your child's records.

PEDIATRICS BY THE SEA

New Patient Guide
2015-2016

Welcome!

Pediatrics by the Sea is pleased to welcome you and your family to our practice. We provide a full range of medical services for all children from newborn to age 21. In addition to sick and well child care, we also offer lactation counseling, adolescent medical care and ADD treatment.

For your complete family health care needs, our practice also has specialists in internal medicine to see adult patients.

General Information

We have two office locations: one in Downtown Delray and one in West Delray. Our patients are welcome to go to whichever office is more convenient for their families.

We offer extended office hours and Saturday appointments in our Downtown office. If you do find yourself in need of an ER, please ensure that all of the related records are forwarded to our office.

Downtown Office:

Mon-Thurs 8:30 AM to 7 PM
Fri: 8:30 AM to 5 PM
Sat: 9 AM to 1 PM

Jog Road Office:

Mon-Fri 9 AM to 5 PM

If you have a question or concern about your child, you may call either office to speak with a doctor. We are available to address your concerns 24/7. After office hours, your phone call is transferred to the doctor on-call.

Our Policies

Pediatrics by the Sea is ready to address all of your family's needs! We are a patient-centered practice and will happily coordinate whatever care is necessary for your child.

Specialist Coordination

If we need to refer you to a specialist, our in-house specialist referral team will handle any insurance authorizations and assist you in making the appointment. Simply ask your specialist to send any reports to our office and we'll review them so we are always up to date on your child's health. If you have a question about these procedures, call us at 561-272-8991.

Mental Health

We believe that your child's health includes their emotional and mental wellbeing. Our doctors offer ADD treatment. Our office works with multiple local professionals and community organizations such as National Alliance on Mental Illness (NAMI), to make sure your child has access to the best behavioral health care in the area. Talk to your doctor at your next appointment or call our office to get more information. We will coordinate with your family and the mental health professionals to arrange your care.

Insurance

Our office accepts a wide range of insurance policies, including Medicaid, Medicare and major commercial insurance plans. We also offer a self-pay option for patients without insurance. If you have questions on how to obtain insurance, contact our office.

Bright Futures

Bright Futures is a national health promotion and prevention initiative, led by the American Academy of Pediatrics and supported by the Maternal and Child Health Bureau, Health Resources and Services Administration.

This program provides theory-based and evidence-driven guidance for all preventive care screenings and well child visits. We use Bright Futures to structure our well child visits and also incorporate their vast library of educational materials into all areas of the practice.
