Please refer to Pediatrics by the Sea's Notice of Privacy Practices for a more complete description of such uses and disclosures.

I have the right to review the Notice of Privacy Practices prior to signing this consent. Pediatrics by the Sea reserves the right to revise its Notice of Privacy Practices at anytime. By signing this form, I am consenting to Pediatrics by the Sea's use and disclosure of my PHI to carry out TPO. I may revoke my consent in writing except to the extent that the practice has already made disclosures in reliance upon my prior consent. If I do not sign this consent, Pediatrics by the Sea may decline to provide treatment to me.

Congratulations on your new baby!

We understand that a baby's insurance is usually not active until several weeks after birth. As a courtesy to our patients, we wait to submit claims until the baby's insurance becomes active. During this waiting period, you may receive a bill in the mail as the claims are automatically posted into our system and held until the insurance is active. Charges you might see include hospital visits after your baby's delivery, office visits, shots and medications.

A baby is NOT automatically covered under a parent's active policy. The baby must be added to the family's plan (or get their own insurance plan), usually within the first 30 days of life for retroactive coverage. Check with your insurance company on the procedure for adding your baby to your family's plan.

If you are planning to get Medicaid coverage for your baby, make sure to contact Medicaid and get the baby's plan activated within the baby's first month of life. Medicaid does not automatically grant insurance coverage to newborns.

Once your baby's insurance becomes active, please notify the office. You are responsible for making sure that our office has the correct insurance information. We will then submit the claims to your insurance company. You will then be responsible for any deductibles, co-insurance or co-payments as determined by your insurance company.

If your baby is not added to an insurance plan during the waiting period or if your baby's insurance becomes inactive, you will be responsible for the unpaid charges. Please contact our office with any questions.

They will give your information to the doctor or nurse in the office that day who can give you medical advice. Outside of normal business hours, call our main office phone number and then simply press '9', this will direct your phone call to the doctor's cell phone who is on call.

2. Apppointment Cancellations: Please call our office to cancel any appointment that you will not be able to attend, preferably at least 24 hours before the appointment time.

3. Medication Refills: If you would like a refill of a routine medication, please contact the pharmacy and request them to send us a refill request or you can contact our office directly to request the refill. For controlled medication refills, you will need to request them from us directly. Please allow us 48 hours to process routine medication refills.

Our standard turn around time for medical records is within two weeks but the turn around may be shorter or longer depending on the volume of requests.

7. Patient Portals: We have two patient portals that you may sign up to utilize. We have a patient portal through our EHR to access medical records and we have a patient portal in which you can pay bills or set up a payment plan. Please contact our office if you would like to sign up for these.
